## FINANCIAL-COMPLIANCE AUDITS

Financial-compliance audits are conducted by the Legislative Audit Division to determine if an agency's financial operations are properly conducted, the financial reports are presented fairly, and the agency has complied with applicable laws and regulations. In performing the audit work, the audit staff uses standards set forth by the American Institute of Certified Public Accountants and the United States General Accounting Office. Financial-compliance audit staff members hold degrees with an emphasis in accounting. Most staff members hold Certified Public Accountant (CPA) certificates.

Government Auditing Standards, the Single Audit Act Amendments of 1996 and OMB Circular A-133 require the auditor to issue certain financial, internal control, and compliance reports. This individual agency audit report is not intended to comply with these reporting requirements and is therefore not intended for distribution to federal grantor agencies. The Legislative Audit Division issues a statewide biennial Single Audit Report which complies with the above reporting requirements. The Single Audit Report for the two fiscal years ended June 30, 2003, will be issued by March 31, 2004. The Single Audit Report for the two fiscal years ended June 30, 2001, was issued on March 26, 2002. Copies of the Single Audit Report can be obtained by contacting:

Single Audit Coordinator  
Office of Budget and Program Planning  
State Capitol

Tori Hunthausen, IS Audit & Operations  
James Gillett, Financial-Compliance Audit

February 2004

The Legislative Audit Committee  
of the Montana State Legislature:

This is our financial-compliance report on the Montana State Library Commission (Library) for the two fiscal years ending June 30, 2003. The objectives of our audit included determining if the Library's financial schedules present fairly the changes in fund balances and results of operations for the two fiscal years ending June 30, 2003, assessing the Library's compliance with applicable laws and regulations, and determining if the Library has effective internal controls.

The Library was created in 1929 by law, which is codified in Title 22, chapter 1, MCA. The Library is the focal point for the development and improvement of library services in Montana. It provides general library services to Montana state government and operates the Statewide Library Resources Program and the Natural Resource Information System Program.

In addition to assisting state government, the Statewide Library Resources Program provides services to public, academic and specialized libraries throughout the state. The services provided include: assisting with information/reference needs, material lending, publications depository, statewide library development, and maintaining the Talking Book Library, which provides services for the blind and visually impaired. The Library of Congress provides the majority of playback equipment and recorded books and materials for the Talking Book Library.

The 1983 Legislature established the Natural Resource Information System Program (NRIS) to improve the availability and accessibility of data and information regarding Montana's natural resources. NRIS staff help coordinate efforts and data gathering among state agencies and other organizations, which use similar types of information, to reduce duplication and promote information sharing by establishing a clearing house with referral service links to sources of information.

The three main components of NRIS are:

- ▶ The Montana Natural Heritage Program, which maintains a computerized inventory of Montana's biological resources, emphasizing rare, threatened, or endangered plant and animal species and biological communities. The Nature Conservancy manages this program under contract with the Library.
- ▶ The Water Information System, which collects information on the location of water resources in the state and maintains data on surface water, ground water, water quality, riparian areas, water rights, and climate data.
- ▶ The Montana Geographic Information System, which develops and manages geographic information systems and relational data base management systems.

Library operations and grants to public libraries are funded by General Fund appropriations, federal assistance, and a portion of the Coal Severance Tax. NRIS is primarily funded by contracts with state, federal, and local governmental entities.

This report does not contain any recommendations to the Library Commission. Areas of concern deemed to not have a significant effect on the successful operations of the Library programs are not included in this report, but have been discussed with management.

Beginning on page A-1, you will find the Independent Auditor's Report followed by the financial schedules and accompanying notes. We issued an unqualified opinion, which means the reader can rely on the information presented. The Library's response to the audit is on page B-1.

We thank the Montana State Library Commission, the state librarian, and the library staff for their cooperation and assistance throughout the audit.

Respectfully submitted,

*(Signature on File)*

Scott A. Seacat  
Legislative Auditor

Jim Pellegrini, Performance Audit  
Tori Hunthausen, IS Audit & Operations  
James Gillett, Financial Compliance Audit

### INDEPENDENT AUDITOR'S REPORT

The Legislative Audit Committee  
of the Montana State Legislature:

We have audited the accompanying Schedules of Changes in Fund Balances, Schedules of Total Revenues, and Schedules of Total Expenditures of the Montana State Library Commission (Library) for each of the two fiscal years ended June 30, 2003, and 2002. The information contained in these financial schedules is the responsibility of the Library's management. Our responsibility is to express an opinion on these financial schedules based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial schedules. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial schedule presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in note 1, the financial schedules are presented on a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The schedules are not intended to be a complete presentation and disclosure of the Library's assets and liabilities.

In our opinion, the financial schedules referred to above present fairly, in all material respects, the results of operations and changes in fund balances of the Library for each of the fiscal years ended June 30, 2003, and 2002, in conformity with the basis of accounting described in note 1.

Respectfully submitted,

*(Signature on File)*

James Gillett, CPA  
Deputy Legislative Auditor

# Montana State Library Commission

## Notes to the Financial Schedules

### For the Two Fiscal Years Ended June 30, 2003

---

#### 1. Summary of Significant Accounting Policies

---

##### Basis of Accounting

---

The Montana State Library Commission (Library) uses the modified accrual basis of accounting, as defined by state accounting policy, for its Governmental fund category (General and Special Revenue Funds). In applying the modified accrual basis, the Library records:

Revenues when it receives cash or when receipts are measurable and available to pay current period liabilities.

Expenditures for valid obligations when the department incurs the related liability and it is measurable, with the exception of the cost of employees' annual and sick leave. State accounting policy requires the Library to record the cost of employees' annual leave and sick leave when used or paid.

Expenditures may include: entire budgeted service contracts even though the Library receives the services in a subsequent fiscal year; goods ordered with a purchase order before fiscal year-end, but not received as of fiscal year-end; and equipment ordered with a purchase order before the fiscal year-end.

##### Basis of Presentation

---

The financial schedule format is in accordance with the policy of the Legislative Audit Committee. The financial schedules are prepared from the transactions posted to the state's accounting system without adjustment.

The Library uses the following funds:

##### Governmental Fund Category

**General Fund** – to account for all financial resources except those required to be accounted for in another fund.

## Montana State Library Commission

---

**State Special Revenue Fund** – to account for proceeds of specific state revenue sources, other than private purpose trusts or major capital projects, that are legally restricted to expenditures for specific purposes. Library State Special Revenue Funds include allocations of Coal Severance Taxes, Resource Indemnity Trust Fund earnings, and Natural Resource Information System contracts with state and private entities.

**Federal Special Revenue Fund** – to account for proceeds of specific federal revenue sources, other than private purpose trusts or major capital projects, that are legally restricted to expenditures for specific purposes. Federal Special Revenue Funds include the federal Library Services and Technology Act grants and Natural Resources Information System contracts with federal entities.

---

### 2. General Fund Balance

The negative fund balance in the General Fund does not indicate overspent appropriation authority. The Library has authority to pay obligations from the statewide General Fund within its appropriation limits, and it expends cash or other assets from the statewide fund when it pays General Fund obligations. The Library's outstanding liabilities exceed the assets it has placed in the fund, resulting in negative ending General Fund balances for each of the fiscal years ended June 30, 2003, and June 30, 2002.

---

### 3. Direct Entries to Fund Balance

Direct entries to fund balances in the General and State Special Revenue Fund include entries generated by the Statewide Accounting, Budgeting, and Human Resources System to reflect the flow of resources within individual funds shared by separate agencies. For the Library, these funds include the General Fund, the Resource Indemnity Trust Fund, and the Coal Severance Tax Fund.

**RECEIVED**

**JAN 27 2004**

**LEGISLATIVE AUDIT DIV.**

January 26, 2004

Scott Seacat  
Legislative Auditor  
State Capitol  
P.O. Box 201705  
Helena, MT 59620-1705

I thank the Legislative Audit staff for their assistance and work performed on the State Library Commission Financial-Compliance Audit for the two fiscal years ending June 30, 2003. We value and appreciate their assistance and advice.

The State Library Commission will be delighted and proud that your report shows that our agency is performing at an acceptable level of accountability and accuracy. We will always strive to meet this standard.

Should you have any questions concerning the Library's response, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "Karen Strege".

Karen Strege  
State Librarian
